

photo stand compact - exterior branding

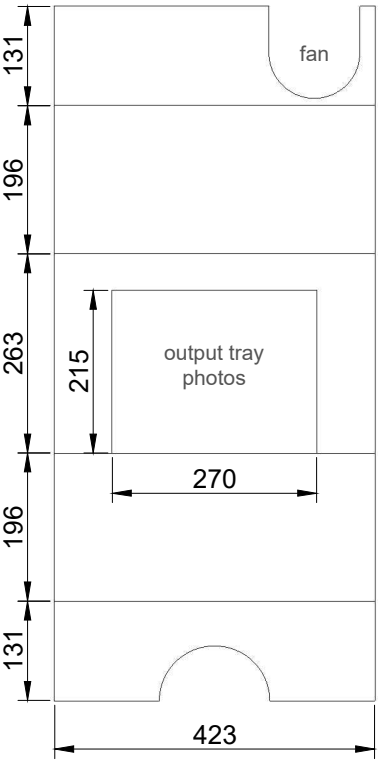

dimensions: 51,5 x 43 cm (WxD), height adjustable

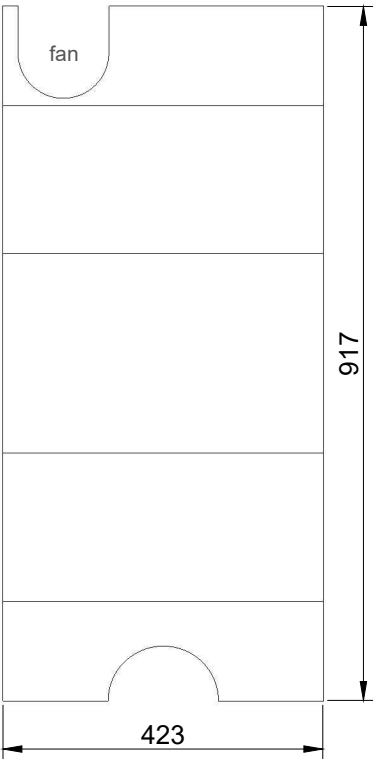

front

left side
elevated

right side
elevated

surfaces for exterior branding:

To create a branding, please use our template files
photo stand_compact_front plate.eps, **photo stand_compact_left side.eps** and **photo stand_compact_right side.eps**.

There are 2 case fans on the top, this area must be left out. The same applies to the telescopic foot holder at the bottom.

- front: forexplate with CNC-milled cut-outs for touch display, camera and 2 speakers.
- left side: The output tray for the photos is on the left side
- right side: On the right side there is an engraved logo "Fotoautomat Berlin". This can be covered with the adhesive foil.
- back: the back side cannot be branded.
